Presidents Notes:

Great news! We have most of the Board for 2022. Here are the people who have volunteered to be on the board next year. You will notice that we still need a Vice President, who's main job is to attend board meetings and step in if the President cannot make it to a board meeting or a general meeting. We could also use help with Publicity and Social Media, especially if we have a Show and Sale Next year, and a Zoom coordinator. I hope you will all join us for the November general meeting via zoom, one week before Thanksgiving so that we can vote! Hadi has arranged for a special presentation from an award winning photographer!

Sriharsha, an award winner and a fine Fine Art Photographer will demonstrate setup, equipment, lighting and ideas for photographing Still Life.

Sriharsha Annadore is a fine arts photographer having passion to tell visual stories. His story subjects often include intricate human relationships, wildlife conservation, natural history, fragile ecosystems, urban human life, national parks and anything local to california. Sriharsha's passion in photography started when he volunteered as a porter for wildlife research scientists in India where he picked up the technical aspects of film/slide development, later on transitioning to digital.

He publishes his work mainly through online forums and websites where he sells custom prints. He also enjoys teaching photography as an art to varied interest groups. Regular photo field trips for kids to national wildlife refuges, targeted workshops like night landscapes, astrophotography, street candid life, national parks in different seasons etc., He also teaches photoshop for other artist colleagues in areas of image compositing for reference photos.
